### RESOLUTION OF THE COMMONWEALTH TRANSPORTATION BOARD

**JUNE 18, 2009**

#### MOTION

**Made By: Mr. Keen Seconded By: Mr. Bowie Action: Motion Carried, Unanimously**

#### **Title: Statewide Changes in the Primary and Secondary System of State Highways**

**WHEREAS**, the projects listed below, by construction district, relocated segments of existing primary and secondary system roadways to new alignments, causing the segments identified to be

- (a) no longer necessary as public roads, since a new road serves the same citizens as the old,
- (b) no longer provide a public convenience that warrants maintenance at public expense, or
- (c) transferred from the secondary to the primary system of state highway as those segments are necessary for the primary system of state highways; and

**WHEREAS**, §33.1-148, *Code of Virginia* 1950, as amended, authorizes the Commonwealth Transportation Board to order abandoned as public roads elements of the State Highway System that have been replaced by a new road that serves the same citizens as the old road, rendering the existing road no longer necessary for public transportation purposes; and

**WHEREAS**, the abandonment of a road relieves the land of the public servitude and extinguishes the road as a public way, eliminating the need for further VDOT maintenance and enabling the conveyance of surplus rights of way by the Board or the local government, according to the ownership of the underlying fee title; and

**WHEREAS**, when relocation of an existing secondary road that is to remain in service and is essential for the continuation of the Primary System occurs, the secondary road may be transferred to the Primary System of state highways, pursuant to §33.1-34, *Code of Virginia* 1950, as amended;

**WHEREAS**, secondary roadways that no longer provide sufficient public convenience to warrant maintenance at public expense may be discontinued by the Board, pursuant to §33.1-150, *Code of Virginia*, 1950, as amended, causing such roads to remain public roads under the jurisdiction of the local road officials; and

**WHEREAS**, primary roadways that no longer provide sufficient public convenience to warrant maintenance at public expense may be discontinued by the Board, pursuant to §33.1-144, *Code of Virginia* 1950, and

**NOW, THEREFORE, BE IT RESOLVED**, that the roadway segments identified below are hereby ordered abandoned as part of the Primary System of State Highways, effective this date, pursuant to §33.1-148 of the *Code of Virginia*, 1950, as amended.
